# Invitation

Dear Sir/Madam,

We, the Organizing Committee of ICPM 2006, welcome you to the “**14<sup>th</sup> International Conference on Pharmaceutical Medicine**”, which will take place from **3 to 6 September, 2006 in Seoul, Korea!**

ICPM is a renowned international conference on pharmaceutical medicine, reflecting both the evolving pattern of drug development, and the increasingly important role of pharmaceutical medicine in that process. Held every two years, ICPM has an imaginative and exciting program covering clinical research, pharmacovigilance, regulatory science, new drug development and approval, outcome studies, pharmacoeconomics, outcomes research and, medical marketing, as well as topical updates and discussions of future strategies. Prestigious speakers and representatives from regulatory authorities, academia and industries from all over the world will be in attendance.

As the first ICPM to be held in the Asian region, ICPM2006 will focus on sharing current developments and challenges in pharmaceutical medicine, and continue to encourage worldwide collaboration. Under the theme of “Beyond the Horizon”, three sub-themes will guide us to discuss major topical issues, overcome barriers and go “BEYOND” current challenges-Beyond the Geographical Horizon, Technical Horizon, and Functional Horizon. These sub-themes each signify global cooperation for the development of new medicines, therapeutics and technologies, as well as application to pharmaceutical business and management.

Korea as the congress venue provides a unique cultural experience of “Dynamic Korea”, rather than its old name of “the Land of Morning Calm”. Seoul is an ideal mixture of exquisite tradition and high-technology and is an active society of passionate, committed and friendly people. Its recent reputation as an advanced cultural leader in Asia will give you unforgettable and exciting memories. Newest trends and cutting-edge technologies in clinical bioscience will be also be on display in the industry exhibition.

On behalf of KSPM and KSCT, all members of the organizing committee are very pleased and honored to introduce this productive meeting, and hope you find optimal marketing opportunity through our diverse sponsorship programs.

Best regards,
